

## Sun City Amateur Radio Club, Inc.

Sun City, Arizona 85351  
SEPTEMBER 1980

John Mevius, WA7UXT, Chairman of our Program Committee, has come up with a real block-buster of a program for the opening meeting of the Fall season, to take place at 7:30 P.M., Tuesday, Sept. 16, at the Fairway Rec Center. Please note that we will be meeting in a different room, - the room next to the Billiard Room in the new section of the Center.

The featured speaker will be Bill Munsil, N7AOU, and his topic will be: "Hams Should Be Seen As Well As Heard". Bill, who is President of the AA5 Club, "Arizona Amateurs On Television", (A5) will tell us about fast-scan amateur TV. Assisted by other members of their club, he will present a demonstration of FSTV.

This should interest your XYL also, so be sure to bring her along with you.
