Sun City Amateur Radio Club

Sun City, Arizona 85351

May, 1973

The MAY MEETING of SCARC will be held on Tuesday, May 17, 1973 at Fairway Recreation Center at 7:30 PM. Our Guest speaker will be Mr. Terry Dillahanty, KU7U, Vice-president of "Signal-One", manufacturers of HF communications systems. Terry spent some time operating in Haiti, and he will have some interesting slides from that area, as well as some excellent coverage of manufacturing processes involving the Signal-One transceiver. Terry is a very articulate young man and should bring you a very interesting program.

This will be the last Club meeting before the Summer hyatus of June, July & August. Club meetings will resume on Sept. 20, and we plan to have a Short Skip out in Sept. to remind you of it.

CAR POOL YOUR-HAM NEIGHBORS who don't drive at night and bring them to the meetings.

The LADIES NIGHT dinner at Crestview was a huge success. About 90 people enjoyed a good meal followed by a delightful musical program by the "Sisters Aileen & Rea" and a very interesting talk by the multi-faceted gentleman, Lou Grubb. Lou not only entertained the group with his many experiences, but he came to the dinner bearing gifts for 3 door prizes. There were 3 overjoyed ladies who won his 2 fine special edition prints of well-known artists' paintings and a bottle of "Spirits" in a specially decorated decanter. Speaking for all the ladies I'd like to express our appreciation: "Thanks, Lou and Evie, we really enjoyed having you with us and hope you'll find time to get on the radio once in a while."

Ed, N7EB, Chairman of the Ladies Night bash, wishes to thank the following for their help in putting it all together: Ruth, WA8FSX - Jim, K4JB(SCW) - Van, KB6PK - Walter, KA70GN - Phil, KA7FUJ - and his XYL Edna, for her help with the door prizes. You all did a splendid job.

THE 2m CLUB NET meets at 7 PM each Wednesday on 147.57 Simplex and features each week the latest in ham radio news on Westlink Tapes.

THE LUNCH BUNCH gets together informally at "Ritters" on Thursdays at 11:30 AM. These weekly gatherings will continue during the Summer months, even though there will be no monthly Club Meetings in June, July and Aug. On May 5, John, W7YR, brought as guest Ray Churchill, JY9RC, of Raytheon Co., who for the past 4½ yrs. has been living and operating from Amman, Jordan and who presented a most interesting slide show for the Cent. Az. DX Assoc. that nite.

U.S. FONE BAND EXPANDED - As of May 22 at 00:01 UTC the following privileges take effect:

20m	{	General class & above	14.225 - 14.350 Mhz
		Advanced & Extra class	14.175 - 14.225 "
		Extra class	14.150 - 14.175 "

SUN CITY ARC SUMMER NETS: Many Club members will be away from the S.C. area for all or part of the Summer. Starting in June the S.C. Summer Net will provide communication with S.C. for them on Mondays and Fridays on the following times & frequencies:

BAND	FREQ. (±QRM)	MST	UTC
20m	14.265	10:15AM	17:15
15m	21.370	11:15 "	18:15
10m	28.635	11:30 "	18:30

NOTE: Frequencies are approx. - check ±5khz. After the 20m net is over we may switch to 15m for checkins or if conditions are ok, try 10m a few min. Later.

CB LICENCES ELIMINATED: The FCC has voted to stop issuing individual licences to CB ops. Now anyone can operate a CBradio under a "blanket authority to the public". FCC will still investigate interference complaints & retains authority to levy fines against rule violators

Thanks & appreciation for help to upright his damaged tower & beam are passed on by Jerry, ~~KONXN~~, to the following: Ed (N7EB), Chuck (W7YU), Paul (W7KBE), Herb (WA7YCG) & Ed (N7CWG). This gang showed up at Jerry's QTH one morning to survey the situation. A batting order was established, making Herb the Project Engineer and Chuck the Crew Chief, followed by a lot of head scratching. Then, while the two Chiefs repaired to Herb's car, presumably to plot their strategy (in reality they fooled around with Herbs new 2m rig) the remainder of the crew did the job and had the tower up when the Chiefs returned! Graciously, a thankful Jerry and his XYL, Christine, refreshed the group with coffee and doughnuts - although it is rumored, that someone in this motly crew held out for Champagne.

- A happy summer to you all -
