April/May 1984

The May meetings will be the last club meetings before many of our members disperse to cooler places for the summer. The next SHORT SKIP will come out in SEPTEMBER

The May meeting of MCR CLUB "X" will take place on Wednesday, May 2, at 7 PM at the First Federal S&L Meeting Room in the La Ronde Shopping Center, 14601 N. Del Webb Blvd. in Sun City. Jim Woods, K4JB, of S.C.W. will present a talk on "MARITIME MOBILING TO THE ORIENT". All hams are welcome.

The May meeting of SCARC will be held on Tuesday, May 15, at 7 PM at the Fairway Recreation Center. 7 - 7:30 socializing and eyeball QSO's. 7:30 PM meeting. So far I don't know what our program will be, since we are trying to put out this paper especially early this month. If available, we may have further program information to pass on at the Club "X" meeting.

The 1984 Ladies Night Banquet in April is now past history. There were 80 who attended on what was the only rainy evening in three months. Those members who did not come to the Ladies Night Banquet missed a delightful evening of good food, good entertainment and good fellowship. The program on China which Floyd, K7BN, presented, indicated that, although he may be called an Amateur in ham radio, he is very much a Professional in the field of photography. His color slides and his tape recordings were of superb quality. Many thanks, Floyd. Many thanks, too, go to our President, Rod, KB7HV and his wife, Kay, who created the lovely centerpieces, which 10 lucky winners were able to take home. It seems that most everyone enjoyed the meal at the Sunowner, and we have had numerous requests to hold this event there again next year.

CAR POOL your non-driving ham neighbors and bring them to the meetings.

TO RENEW OR TAKE OUT MEMBERSHIP IN ARRL contact Floyd, K7BN (977-6587).

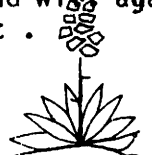

THE 2m CLUB NET meets at 7:00 PM each Wednesday on 147.57 Mhz Simplex and features each week the latest in ham radio news on Westlink tapes. On Wed. May 2, the tape will be played at the CLUB "X" meeting.

THE LUNCH BUNCH gets together informally at "Ritter's" on Thursdays at 11:30 AM. These luncheons are open to all hams and their spouses and guests. You do not have to be a Club member or reside in Sun City to join us for a bowl of soup.

THE 20m VACATION NET will start up by May 25, since many of the local hams will be heading to cooler Summer QTH's in mid-May.

The net will operate on Monday and Friday at 10:15 AM MST (17:15 UTC) on a frequency in the area of 14.240 ±10 hz depending on QRM and RTTY interferences. W7YU and KC7RY have been acting as net control for the past 2 years and will again try to do so. However, we could use additional volunteers to help out.
