## Sun City Amateur Radio Club, Inc.

Sun City, Arizona 85351

September 1984

To those who have returned: WELCOME BACK! To those still away: HURRY HOME! The monsoons have left and the Valley is bearable once more.

SCARC's next meeting is Tuesday, September 18th at 7:00 at FAIRWAY REC CENTER. Let's all be there to compare notes on our summer activities and to enjoy Howard Dempsey's excellent video presentation, "Calling Outer Space," the story of Flight STS-9 and amateur radio's first contacts with man in space.

Car pool with your non-driving ham neighbors.

There will be NO meeting of Club X in September or October, according to Jim Woods, K4JB, of that club's organizational committee.

The SCARC Nominating Committee is busy preparing a slate of officers for next year, to be presented for consideration at a future meeting. The committee consists of Chuck Bailey, W7YU; Ed Blaszczyk, N7EB; Floyd Emanuel, K7BN; and Paul Johnson, W7KBE.

Recent upgrades: Ed Rozanski, now KD7XK, (Advanced); Ray Sumner, still KA7PQA, (General); Jack Dow (SCW), KA7SIZ (awaiting new call), (General).

Classes for Novices and Upgrades will begin in October. Chuck, W7YU, is looking for more instructors. Newcomer Bob Koons, WBØGQV, has offered to help. This group will be a separate entity from the Volunteer Examiners being recruited by ARRL. The latter include Sun City hams John Allen, W7YR; LeRoy Bittaker, KU7N; Ed Blaszczyk, N7EB; Floyd Emanuel, K7BN; Jim Martin, K7DI; Carl Moore, W7YQ; Chuck Stone, KØOSN; and in SCW, Clarence Draper, K3AKJ.

All of you who have 2 Meter rigs, remember that the club net meets each Wednesday at 7 PM (local time) on 147.57 MHz (Simplex). Keep up-to-date with the Westlink tapes and news from ARRL and W5YI.

The 20 Meter Vacation Net has been going strong and still has a few weeks to run. Look for the gang at 14.240 + or - 10. at 10:15 AM (local time) on Mondays and Fridays.

Maricopa County

COMING EVENTS: Santa Maria, California, is the site of the Annual ARRL Southwest Division Convention, on October 12, 13, 14. See QST for details. Several area hams are planning to attend.

For SCARC's October 16th meeting, we are hoping to get a 45 minute video tape of the 1982 DXpedition to Heard Island, courtesy of Texan Bob Wood, WB5CRG.

The following month our November 10th Dinner Meeting is open to all area hams. Our guest speaker is slated to be Father Marshall Moran, 9N1MM, of Nepal. More details later.
